Protest Against Closing Of C.P.R. Shops To Be Made

Canadian Press
ALGOA, Alta., Sept. 17.—The provincial government and the city of Calgary will jointly protest to the

tion administration against the
down of the Canadian Flou-
ey Shops, here. Commissioner A.
Graves of Calgary held a telephone
conference with Premier J. E.
McNicoll in Edmonton yesterday when
he decided to make such a protest
the down of the shops will mean

800 men out of work.

I.O.D.E. Varsity Bursaries Will Go To Calgary Students

Son and Daughter of Deceased Veterans Come to City

It has been possible for the committee of selection of the Imperial Order, Daughters of the Empire this year to award two bursaries to I.O.D.E. bursaries of Calgary daughters of the late Pte. F. W. Stephens who was killed in action at Passchendaele in 1917; and Robert M. Pearson, of Calgary, who died of war disabilities. Both bursaries are graduates of Central Collegiate Institute, Calgary. The committee of selection consisted of Mrs. R. C. Marshall, Edmonton, president of the Alberta Province Chapter, I.O.D.E.; Mrs. C. T. Woodside, Calgary; Dr. A. E. Smith, superintendent of schools, Calgary; Mr. G. E. McKee, superintendent of schools, Calgary; and Mrs. J. C. G. McKee, Calgary, educational secretary, Alberta Provincial Chapter, I.O.D.E.

RAINS' FROGS NEAR R.C. LAKE

DUNCAN, B.C., Sept. 17.—(AP)—rained from the Cowichan Lake, near here, the other day.

Autos reported being delayed by the ground being covered with small frogs for a distance of about half a mile.

The gravel on the road appeared to be hanging about the ground, some of the frogs being about the size of a hen's egg. Mr. and Mrs. Graham, one of the motorists, "There were about five or twelve frogs to the square foot."

G. O. Day, field naturalist, explained the unusual occurrence, attributing it to a rain shower causing a whole lake migration.

Banquet Honors Visiting Nurse

In honor of Mrs. Laura Le Gall, R.N., visiting nurse at the Royal Alexandra Hospital, B.C., members of the Women's Benefit Association, held a banquet at the Royal Alexandra Hotel on Wednesday evening. Mrs. Le Gall was the guest of honor.

Mrs. M. E. Hughes, president of the association, presided. Mrs. Le Gall was the guest speaker of the evening.

The banquet was a success and the work of the order.

Mrs. Le Gall is a native of the United States and has been in Canada for many years.

She is a member of the Women's Benefit Association and has been very active in its work.

She is a very kind and helpful woman and has many friends in the city.

She is a very good mother and has many children.

Travellers Meet Language Trouble In Many Lands

Edmonton Girl Tells of Difficulties With Menu and Chauffeur

By HELEN M. BOYLE

There is much to be said in favor of the French when they are in the land of the traveler. After two months of traveling in France and Italy we were quite ready to adopt an international language, provided it was one we already knew.

We found that our French professors had been almost right when they told us that French is the international language. At first we were a little doubtful, but after two months of traveling in France and Italy we were quite ready to adopt an international language, provided it was one we already knew.

We found that our French professors had been almost right when they told us that French is the international language. BIG BIRTHDAY PARTY BEING HELD TODAY

Marks Manufacture of the
First Canadian-Made
C.G.E. Refrigerator

A birthday party that is of interest
to many people from coast to coast
in Canada is being held today. It
marks the production of the first
Canadian-made General Electric Re-
frigerator at the company's plant in
Peterborough, and the commencement
of a special campaign to introduce
the new product to the public of Can-
ada. The campaign is to continue un-
til October 31 and during that time
each purchaser of a C.G.E. Refrigerator
is to receive from General Electric
Refrigerator Dealers a birthday gift of
billion model Tritech clock in col-
ours and commemorate the new Can-
adian-made C.G.E. Refrigerator.

The manufacture of General Elec-
tric Refrigerator in Canada is a na-
tional industry for the Depart-
ment. The recently-opened depart-
ment at the Peterborough works will en-
able in time a large number of work-
ers. Expenditure machines used in
manufacturing the refrigerator parts
have been installed and mastered. Can-
adian equipment and materials are to
be used wherever possible. The im-
mediate capacity of the present plant is
25 refrigerators a day and this will

soon be increased to 50, and from then
up to any quantity the market will
absorb.

It is to announce this enterprising
expansion of C.G.E. manufacturing
activity that the birthday campaign
is being conducted. Newspaper adver-
tising will acquaint the public with the
story of the first Canadian-made Gen-
eral Electric Refrigerator, and the
billion organization has already com-
menced on a selling campaign that is
aimed to have results all across Can-
ada.

**B.C. Will Send
Representative To
Cape Parley**

CANADIAN PRESS
VICTORIA, B.C., Sept. 17.—British
Columbia will be represented at the
conference of western provinces at
Calgary, Oct. 19, Premier S. F. Tolmie
stated today following acceptance of
the invitation extended by the govern-
ment by Premier J. T. M. Anderson,
of Saskatchewan. Representatives
have not yet been chosen.
Premier Anderson indicated that
matters to be considered by the con-
ference would include curtailment of
provincial services, reduction of ex-
penditures, increase of revenues, and
uniform relief plans in the west.

HAMILTON, ONT.—The Niagara
Frontier will shortly harvest the
biggest and best crop of grapes in its
history if present expectations of the
producers are fulfilled. Warm days
and abundant moisture have contrib-
uted to mature this record crop under
the best conditions, and it is expected
to be worth about \$1,750,000. Some
2,600 acres of new crop will come into
bearing this fall.

REGINA SHOWS SHARP BOOST IN POPULATION

Further Statement is Issu-
ed by Dominion Bureau
of Statistics

CANADIAN PRESS
OTTAWA, Sept. 17.—A further
statement of population in a number
of cities and towns of Canada which
were not dealt with in previous an-
nouncements, was issued today by the
Dominion Bureau of Statistics.

In western Canada the city of Re-
gina, reported an increase from 34,
422 to 35,094.

The largest percentage increase re-
corded in today's statement is in the
town of Brandon, Ont., which in-
creased its population from 1,150 in
1921 to 1,426 in the present year. This
is an increase over 23 per cent.

Figures announced include:

Alberta:	1921	1931
Beverly	1,112	1,039
Camrose	2,235	1,892
Calgary	458	710
Lloydminster	549	586
Medicine Hat	619	460
Regina	34,422	35,094

RELIEF STEPS ARE OUTLINED BY ROBERTSON

Minister Cites Benefits Ex-
pected From Alberta
Agreement

CANADIAN PRESS
OTTAWA, Ont., Sept. 17.—Com-
prehensive review of Canada's un-
employment problem and an outline
of the relief measures which are be-
ing taken by the federal government
in co-operation with the provinces
and municipalities, is given in a
statement issued by Hon. G. D.
Robertson, minister of labor. The
fundamental idea of the relief pro-
gram is to provide for the construc-
tion of useful public works and thus
give a maximum of work and wages
to those who are without steady
employment.

The trans-Canada highway project
is being presented with vigor. The
federal government is paying 10 per
cent of the cost thereof, and on other
provincial highway projects is contrib-
uting a large portion of the total.

"In western Canada, substantial na-
tional park areas in Alberta offer op-
portunities for the creation of con-
siderable useful work in delimiting
park boundaries, clearing and building
roads and opening up avenues of com-
munication between park areas of
which Jasper and Banff are centres,
as well as some similar works in
parks located in the provinces of Man-
itoba, Saskatchewan and British
Columbia.

BENEFITS SEEN.

"The provincial government of Al-
berta has concluded an agreement
with the federal government respect-
ing both provincial and municipal in-
dustries in that province, and like
Ontario, it is expected that substantial
relief will accrue to the larger urban
centres by the withdrawal of trans-
ients and single men.

"The province of British Columbia
is suffering particularly because of the
contraction in the lumbering and min-
ing industries. British Columbia
faces a difficult problem and a very
substantial program of road-building
throughout that province already is
under way.

"The contraction in our transpor-
tation industry constitutes a difficult
problem. Some 25,000 fewer men are
regularly employed on our railways
now than was the case three years
ago. The decrease in gross earnings
due to the falling off in carloadings
and passenger traffic has occasioned
alarm economies. The very substan-
tial effort put forth by the railways
last year to expand large sums to as-
sist in the relief of unemployment, es-
pecially among their own employees,
has made it difficult for them to par-
ticipate to the same extent this year
so far as improvements in equipment,
maintenance, and so forth, are con-
cerned."

Far Reaching Action Planned By South Africa

CANADIAN PRESS Cape Town, Sept.
17.—A far-reaching action planned
today announced in a
speech at a meeting of the Trans-
vaal Nationalist party that the
Union government would abolish the
provincial councils.

Feasibility of the provincial coun-
cils of the four provinces of the
union—The Transvaal, Cape Pro-
vince, Natal and Orange Free State
—was the subject of the speech.

GENERAL ELECTRIC Refrigerator

WITH General Electric Refrigerators giving
complete satisfaction in more than one
million homes, Canadian General Electric
announces the establishment of a refrigerator
manufacturing division in Peterborough, Ontario.

Now is the time to get acquainted with the
superiorities of this Made-in-Canada General
Electric Refrigerator. Know why the hermetically-
sealed Monitor Top ensures life-time depend-
ability and economy. Know the convenience of
the exclusive sliding shelves that increase food
storage capacity. Know the advantages of the
unqualified Three-Year Guarantee . . . acces-
sible Temperature Control—the sanitary por-
celain Super-Freezer—the Multi-Temperature
zones—the warp-proof, All-Steel cabinets.

A General Electric Refrigerator is a year's round
necessity. Every day it pays its own way by
eliminating food spoilage and saving on the
cost of perishables. Why wait to save when as
low a payment as \$10 puts a General Electric
Refrigerator in your home today?

[Listen to General Electric Vagabonds every
Tuesday evening over Canada-wide network.]

A BIRTHDAY
Gift
FOR YOU

With the purchase of a
General Electric Refrigerator
between September
14th and October 31st,
you will receive a birthday
gift of a Hostess kitchen
model of the General
Electric Telechron Clock.

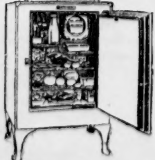

EX-1018

-In Poor Refrigeration!

But in the kitchen equipped with a modern electric
refrigerator grief has no place.
This modern electrical servant - gleaming white and
efficient - has no drain pipe to clog, is continuously on
the job with the automatically correct temperature-pay-
ing for itself with the food it saves from waste.

ELECTRICAL REFRIGERATION DRIES UP THE TEARS!

The electric refrigerator fills the kitchen with peace, sunshine
and contentment and the cost of operation is remarkably low.
The expenditure of one cent will operate the ordinary electric
refrigerator for two and a half hours.

Heavy Frost Visits Edmonton District

MERCURY HITS LOWEST MARK IN SEPTEMBER

Gardens Stand up Well Under Cold Visitation

Out come the gloves and winter overcoats.

Heavy frost on Thursday morning heralded the coming of winter. The mercury at 7 a.m. touched 27 degrees above zero. The lowest on Wednesday was 23 above.

This was general throughout the country included in the Central Alberta district, and was confirmed by reports received at the Edmonton office of the Alberta Motor association on Thursday.

Workers in the city on their way to work in the early morning and outdoors were covered with a thick, crisp coating of frost, and ribbons tied to the knees or the air the unprotected skin.

NO EXPOSURE

While in some exposed spots the plants have suffered badly, generally they have not been badly damaged.

Many exhibitors got busy late on Wednesday evening when the falling temperature signalled that the frost was coming and covered all their choice flowers.

On Wednesday afternoon it was particularly noticeable how charming the flower beds were still looking in the city.

This year a great deal of work has been made of bedding plants that have shown masses of brilliant bloom.

In the grounds of the Parliament buildings the effect has been delightful. The city also used the masses of bloom at the intersection of Shookan Drive and 10th street, and at the intersection of 10th street and 10th street, and at the intersection of 10th street and 10th street.

Labor Organization Cancels Meeting As Members Away

Owing to the fact that many prominent members of the organization will be out of the city attending the meetings of the Labor Congress and the annual conference of the Federation of Labor, the Edmonton branch of the Canadian Labor Party has postponed its meeting from Thursday, Sept. 23 to Tuesday, Sept. 27.

On the previous night, Sept. 28, the executive committee will meet and receive recommendations and recommendations from the special committee selected to examine the situation in respect to the municipal election.

It is expected that many candidates will be running for the respective vacancies on city council and school board.

Labor Delegation Going To Coast

A number of labor leaders are leaving the city on Thursday night for Vancouver for the purpose of attending the annual conference of the Federation of Labor and Labor Congress, which will be held at the Hotel Vancouver, the Edmonton branch of the Canadian Labor Party has postponed its meeting from Thursday, Sept. 23 to Tuesday, Sept. 27.

Included will be E. Roper, secretary of the Alberta Federation of Labor; A. Perrin, secretary of the International Union of the Lumbermen; W. H. Brown, representing the Carpenters Union; G. J. Thompson, Machine Union; W. T. Atkin, the Civil Service Association; H. L. Auld and Mrs. A. R. Stevenson, the Garment Workers' Association.

SULLIVAN'S ACADEMY Of Dancing

ANNOUNCES THE OPENING OF THE FALL DANCING SEASON IN EDMONTON

Saturday Night, Sept. 19

A big new Academy theatre featuring the latest ideas in dance programs—Two Steps, Three Steps, Minors, Partners, Waltzes, . . . and plenty of them.

The schedule for the season is the dancing every Monday and Thursday night. Assembly Ball on Saturday.

Don't Miss the Big Inaugural Dance This Saturday.

LA FLECHE BUILDING 102nd STREET

I Saw Today

R. H. Finlayson, director of forestry services, Dominion government, is a visitor in this city.

There are now 16,500 telephones in use in the city of Edmonton. A year ago there were 16,000. The last year for the city, however, is very little short of last year. The total amount for the year to date is 472,724. Last year the total was 442,764.

Two False Alarms and Real Blaze Enliven Scene

Two false alarms and a real fire Wednesday night broke the lengthy no-fire period in Edmonton with information received from No. 1 fire hall Thursday morning.

The first false alarm was received at 6:30 p.m. Wednesday from 108 street and 104 avenue. The call was answered by the fire hall, but when they arrived in the phony and when they reached the origin of the call, they saw no fire.

Another Call

Hardly had the brigade arrived back at the station when a call was checked in from 108 avenue and 111 street—another false alarm.

According to this last report, it is believed that the alarm was caused by a person in the phony and when they arrived in the phony and when they reached the origin of the call, they saw no fire.

LAST CALL

The last call, received from 84 street and 119 avenue, was genuine, however, and the firemen were kept busy extinguishing a small fire in the vicinity. No great damage resulted.

Previous to the last alarm, the last call was turned at 3:12 p.m. Sunday. And previous to this a call was turned in at 8:18 a.m. Thursday, September 10.

On Thursday morning, don't think for a moment that the firemen are idle. They are kept busy in the phony and when they reached the origin of the call, they saw no fire.

Police Court

The story of how Eugene Pichowicz invited his friends to his home to see a little family difference and how the friends just sat and drank beer, until police officers raided the house, was all in the news.

On Thursday morning when Pichowicz, charged with illegal sale of liquor, faced Magistrate Col. George R. MacLeod, accused was required to serve three months hard labor at Port Saskatchewan.

Police gave evidence that they had seen a man leave accused's home at 1043 104 avenue on Saturday, September 12, with two boxes in each hand on the friends just sat and drank beer, until police officers raided the house, was all in the news.

The officers then entered the house by the back door and the "points" did not find the front. Evidence was given that accused had added the officers had no pre-arranged but later in the morning a permit was produced which showed that accused had been charged with illegal sale of liquor.

There was a hearing on the matter at the court and on the evidence testified that he had been one of the best kind of a man.

Pichowicz testified that he was a man who was not a criminal in the city.

"Did you have a party?" questioned the crown prosecutor.

"Yes," I called my friends in. I wanted to see whether it was not or my wife who was crazy," replied Pichowicz.

"Did you invite that many in to help the family fight?" queried the magistrate.

"Yes."

"But they didn't stop to help, they caused a commotion on a similar charge once time ago."

The case of Oscar Detlefson, charged with a breach of the Medical Practising act, in connection with advertising treatment for rheumatism, was adjourned to September 27.

J. G. Thompson, K.C., defense counsel, argued that there was no evidence that accused was practicing medicine. "There's not a jot of evidence that he was practicing medicine," that was his charge with.

The crown prosecutor pointed out that Detlefson had been charged with practicing medicine and on the evidence testified that he was a man who was not a criminal in the city.

"Did you have a party?" questioned the crown prosecutor.

STRONG LINK WILL CONNECT TRADE BOARDS

Work of Chamber of Commerce is Fully Discussed

Consideration of the position of the Canadian Chamber of Commerce as the parent body and the strengthening of the connecting links between the Dominion body and the local Chamber of Commerce will be given a good deal of attention in the future.

These matters and the character of the work involved formed the substance of a conference held on Wednesday afternoon between Colonel J. M. MacGregor, president of the Canadian Chamber of Commerce and the

representatives of the local Chamber of Commerce.

The local Chamber of Commerce was represented by J. M. MacGregor, president of the Canadian Chamber of Commerce and the

representatives of the local Chamber of Commerce.

Agritalks

Farm Ice-Box.
Wheat—Horse Feed.
Steer Feeding.

By Macdonald Holmes

It is not too much to expect that their manner of supply, and the time to take the first step to insure an income for the next summer.

It is shallow well to dig in the fall, and the water of this is a good idea, until the water is filled with a solid block of ice.

This will allow water and makes an excellent ice-box in which to keep milk and other dairy products. It is a good idea to make a more elaborate one, with a pump, and a side up and down the well.

It is a good idea to make a more elaborate one, with a pump, and a side up and down the well.

WHEAT may be fed to horses, but not alone as a sole feed. A bulky, pulpy mass in the stomach will cause colic. A good ground feed and half oats will make a good feed. The crop is not available in a mixture of one part and three parts of oats. It is a good idea to make a more elaborate one, with a pump, and a side up and down the well.

UNDOUBTEDLY many farmers with grain, and at the price it is, will be considering feeding some corn this fall. Last year, Dominion experimental farm, Sept. 10, reported that the corn crop was a failure. The crop was a failure. The crop was a failure.

CHICAGO LIVESTOCK
Cattle, 100,000; Hogs, 100,000; Sheep, 100,000; Poultry, 100,000.

Winnipeg Letter

N. B. Bull Grain Co., Ltd.
WINNIPEG, Man., Sept. 17.—Some wheat exporters are featured in the morning and early morning. The grain was gradually shifted from the early morning to the late morning. The grain was gradually shifted from the early morning to the late morning.

New York Curb

By James Richardson & Sons, Ltd.
NEW YORK, N.Y., Sept. 17.—Cotton futures were moderate. The market was moderate. The market was moderate.

U.S. Ponders Ship Building Holiday As Bids Are Opened for Destroyers

PREPARE PLANS FOR STARTING RELIEF WORK

Premier Likely to Inform City of Scheme on Thursday

Preliminary arrangements for the starting of the Edmonton unemployment relief work began on Wednesday by Premier J. E. Brownlee and Mr. O. J. McPherson, on behalf of the provincial government, and Mayor Douglas and Councillor David Mitchell on behalf of the city.

During the day Premier Brownlee was in telephone conference with Commissioner Gwynne of Calgary regarding a conference with the southern city on the same subject. "Calgary can come up any time tomorrow if desired," declared the Premier.

On Wednesday all points arising out of the agreement between the Dominion and provincial governments were discussed, as well as those matters connected with the distribution of costs as between province and city.

He said that he expected to be in a position by Thursday to notify Mayor Douglas of results of the deliberations. The interim agreement, calling for the expenditure of between \$60,000 and \$70,000 in this city was approved at Ottawa, he said, so that work could be commenced.

The tentative \$10,000 amount which has been allocated to the city by the Dominion government, he said, was not intended to cover the cost of labor, but the city should be able to make up the difference by the use of its own resources.

He said that the city should be able to make up the difference by the use of its own resources.

WAS IT "SIDEWALKS OF NEW YORK"?

Mayor Jimmy Walker of New York was just in time for a birthday party when he visited the village of Sticks, near Carleton Place, Ontario. Walker was 60 years old today. Here is an informal photo of the mayor, snapped as he entered a group of local musicians in native costume.

PATRONS HIT WINNING FORM AT CARNIVAL

Many Trophies Carried in Triumph From Gyro Funfest

Patrons of the carnival spent the day at the Gyro Funfest, which was held at the city's fairgrounds.

The carnival was a great success, and many trophies were won by the patrons. The Gyro Funfest was held at the city's fairgrounds, and was a great success.

Gas Conference Held Wednesday, Legislative Bldgs.

On Wednesday afternoon Premier J. E. Brownlee and the provincial government met at the legislative buildings with H. H. Bay Miller, K.C., counsel for Northwestern Utilities in the first of a series of conferences to determine the extent to which the recommendations of the provincial advisory committee on gas conservation could be put into effect.

Other conferences will be held at an early date.

Frank P. Fisher of Mount Vernon, Ont., editor to the government may remain here until the conference ends, although with the submission of his report he may feel his work is completed.

The Wednesday party was in the nature of a preliminary.

Truck and Bus Traffic Under Review

Amendment of the Highway, Vehicles Act and the revision of regulations now being carried out by the government, declared Premier J. E. Brownlee.

CITY OFFICIAL COMPLETES 30 YEARS SERVICE

William Barnhouse Has Envious Record With Local Administration

On Tuesday, September 15, Superintendent William Barnhouse, head of the city electric light department, completed 30 years of service with the electric light and power service of the city.

Superintendent Barnhouse was an employee of the Edmonton Electric Light Company before it was taken over by the city in May, 1907. At that time the job was that of foreman, at which he earned the sum of \$60 per month, which was good wages, especially in those days, for a young fellow of 22 years.

He has climbed the ladder of promotion steadily, reaching his present position of Superintendent in 1924.

Superintendent A. Ormsby was head of the department when Mr. Barnhouse first became a member of the staff.

When retiring to become commissioner, he was followed by J. H. Murphy, and when the latter retired, he was followed by Mr. Barnhouse.

Many developments have taken place since Mr. Barnhouse first took up his duties as Superintendent. The city's electric light and power service has grown from a small plant to a large one.

The street lighting system consisted of 33 lamps, but like all other equipment under the direct supervision of Superintendent Barnhouse, the work was commenced in 1924 and continued in 1926.

A substation controlling the supply for the down town district was constructed as part of the city's electric light and power service.

Pioneer Merchant Dies In Ontario

Southampton, Ont., Sept. 15.—Thomas Bell, one of the oldest furniture manufacturers in Canada, died here Wednesday, aged 83. He is survived by his wife, a daughter and a son.

WOULD PROTEST ANY PREFERENCE

Alberta Wants to be Fairly Treated

Alberta fully realizes the position in which Saskatchewan finds itself, but any preference shown over other provinces in the matter of drafting relief provisions would be protested.

His remark was in respect to a dispatch from Regina in which it was stated that Saskatchewan might make the interprovincial agreement retroactive to June 1.

This provision would be protested, as it would be a situation that could not be evoked either by the Dominion or Provincial governments. It was anticipated that some special provision would be made for Saskatchewan on account of the drought problem.

However, Alberta had signed its agreement in all good faith and obviously would expect the same privilege to apply to all provinces and would protest any unreasonable preference shown to Saskatchewan.

It is the brother of F. Barnhouse, head of the city treasury department.

NAVY CHIEFS STUDY GRANDI GENEVA PLEA

Proposal to Stop Construction One to Five Years Favors

WASHINGTON, D.C., Sept. 17.—A sympathetic attitude Wednesday here appeared at the state department toward proposals for a worldwide naval construction holiday.

While nine blocks away in the navy department bids were being opened for ten new 35-knot destroyers to cost \$20,000,000. It was disclosed in official quarters that a study was being made of the possibilities offered by calling off naval building for a definite period.

Recent suggestions by Dr. Grandi, Italian foreign minister, and Senator Borah, Idaho, chairman of the senate foreign relations committee, had the great naval powers also building for from one to five years, having received sympathetic attention at the state department.

Four Men Killed In Crossing Crash

MECHANICVILLE, N. J., Sept. 17.—Four men were killed and eight injured when a Camden to Long Branch train crossed a truck carrying 25 barrels of acid in a grade crossing near here.

The dead are Rudolph Coetzer, 19, of Maple Shade, N. J., and James Lafferty, 32, of Newark, N. J., and two others. The injured are all from Newark, N. J.

OTAWA.—An unprecedented movement of laying down from farm to farm of the Dominion of Agriculture which provides a possible deterrent to the traffic continues much longer as the present season is noted in a report of the Dominion of Agriculture which provides a possible deterrent to the traffic.
